[Summary of 2010 Tax Relief Act](#)

Topic

The holiday season brought an extra special gift to our clients – historic (and quite generous) wealth transfer tax relief. Today, President Obama will sign the Tax Relief, Unemployment Insurance Authorization, and Job Creation Act of 2010 which significantly expands and liberalizes the wealth transfer tax laws. This timely program will cover the important provisions of the Tax Relief Act, along with many planning opportunities and considerations including:

- The New Exemption Amounts and Tax Rates
- Opting Out of the Estate Tax in 2010
- New Reporting Rules and Tax Forms
- Spousal Portability Election
- Year End Gifts
- Planning with Insurance Trusts
- GST Tax Planning
- Planning with GRATs, CLATs, and AFR Loans
