

## Handling the Accident, Inspection & the People at OSHA

06.24.2009

For more information on this event, please contact any one of the presenters below.

### Topic

Handling the Accident, Inspection & the People at OSHA  
*Why You Need Outside Counsel*

The Occupational Safety and Health Act enacted in 1970 with the goal of assuring safe and healthful working conditions for employees can also mean strict standards of compliance, severe penalties for non-compliance, and endless inspections by the federal Administration and state programs. Join Williams Mullen for the OSHA update, including:
