

2016 Upstate South Carolina Environmental Briefing

11.04.2016

On Friday, Nov. 4, members of Williams Mullen's Environment & Natural Resources practice will present on numerous topics at the 2016 Upstate South Carolina Environmental Briefing hosted by the Upstate Employers Network. The briefing offers an opportunity for Upstate environmental professionals to remain current on trending topics. The program includes six presentations, plus the opportunity to network with other guests during the special mid-morning brunch. For more information - including registration - [click here](#). See below for a list of presentation topics and speakers.
