

Driving IT Innovation - Triangle Technology Executives Council Panel

02.17.2017

On Feb. 17, 2017, Rob Van Arnam moderated a panel on “Driving IT Innovation” for the Triangle Technology Executives Council (TTEC). Also participating on the TTEC panel were lead engineers and CIOs from Ply Gem, Quintiles, Credit Suisse and Wake County Government. The panel discussed how companies can best encourage and sustain not just development, but disruptive technologies and true innovation. For more info, click [here](#).
