

Kevin Pomfret Pens Article for GeospatialWorld on Commercial Remote Sensing Satellites in the U.S.

07.26.2017

A recent piece of legislation approved by the U.S. House of Representatives, the American Space Commerce Free Enterprise Act of 2017, could make it easier to operate a commercial remote sensing satellite in the United States. Attorney Kevin Pomfret wrote an article on the potential impacts of the legislation for GeospatialWorld.
