

Webinar: The Intersection of Rep & Warranty Insurance and Delayed Closings

12.10.2019

Join Williams Mullen Partners Jon Bliley and Hal Johnson as they discuss the issues that may arise should you face a transaction with a delayed closing where a rep and warranty policy is the buyer's sole source of indemnification.

In particular, Jon and Hal will provide:

- A brief refresher on rep and warranty insurance
- Implications of a breach of a representation or warranty that occurs after signing and before the closing date
- Considerations to potentially mitigate this risk
