

VBA Webinar: Law Practice Live Chat

05.08.2020

Hosted by Virginia Bar Association.

The more things change, the more they -- change. The VBA has worked hard to keep you in the know and connected during this pandemic, through weekly COVID-19 Law Practice Live Chats and other remote events you can find on the VBA calendar. As we navigate the challenges of COVID-19, the VBA's Law Practice Management Division is offering you an opportunity to exchange ideas and learn what other firms, large and small, and in-house legal departments are doing across the commonwealth.

This member conference call will feature:

- **Andrew T. Richmond** (Mahoney, Nashatka, Richmond, PLLC), chair of the Domestic Relations Section, on the section's recent activity and the Virginia Supreme Court's fourth order on the judicial emergency.
- **Charles E. "Chuck" James Jr.** (Williams Mullen) on the Paycheck Protection Program: Should I return loans? What are the regulatory risks if kept? Also new SBA guidance.
- **Sharon Nelson** and **John Simek** (Sensei Enterprises, Inc.) on telecommuting and selecting the best webinar program to use.
- **Robert Johnson** (Kaufman & Canoles, P.C.) on the impact of COVID-19 on employee benefits and relief provided by the CARES Act and other regulatory guidance.
